

Americans with Disabilities Act

DISCRIMINATION AGAINST PERSONS WITH DISABILITIES IS PROHIBITED BY LAW

Americans with Disabilities (ADA) Title II prohibits discrimination on the basis of disability in services rendered by state and local governments, i.e., all government facilities, services, and communications must be accessible.

If you feel you have been denied equal access to any DMV program, service or activity because of a disability, we encourage you to file a discrimination complaint under ADA Title II within 30 days of the alleged act or discovery. Complaint forms (EXEC 50) are available on DMVWEB or at www.dmv.ca.gov, and may be filed with:
